

WE WEREN'T FOOLED BY SEIU!

Katrina Bowman

"We cancelled bargaining with SEIU because we, the bargaining team, did not feel we could bargain in good faith. SEIU has told us many things that are not true. We learned, because we as a group called the National Labor Board to get clarity on things SEIU was saying. After our discussion with the NLRB we decided to cancel because SEIU cannot be trusted."

"SEIU is not being truthful: for instance, when we asked them if we stopped paying our dues, SEIU replied that we would be fired. I know for a fact that that is not true because I called the National Labor Relations Board and asked."

Bob Britton

"When asking about dues withdrawal, SEIU made false statements to me and then tried to cover up their answer by saying that I asked a question that had many answers and that they gave me the best answer they thought I would understand."

Debbie Rupe

"We stopped bargaining with SEIU because the bargaining team called the labor board on speakerphone and found out SEIU had made false statements. In caucus, SEIU also tried to chip away at the proposals we had made in an obvious effort to just settle our contract for anything."
