

Keep our union strong

Join us and become a monthly supporter today!

"It's always been important to pay dues and have a strong union. But it's even more important that our money goes to the right place. We want to use our money to fight for better healthcare for our patients and better jobs in our communities—not to pay for SEIU to attack us. We're signing up for monthly contributions to build our union, NUHW.

—*Angela Glasper, Optical Clerk, Kaiser*

"I know I can trust the stewards and bargaining team members we elected. SEIU's new management wants to give away our benefits that aren't theirs to trade. Let's keep our union strong and protect our contracts by joining NUHW!"

—*Letty Marquez, Phlebotomist, Tenet-Los Alamitos Medical Center*

"We don't want to give our money to a union that meets with our boss before they meet with us. We're staying with NUHW!"

—*Will Brennan, PBX Operator, Olympia Medical Center*

NUHW is our union, by healthcare workers and for healthcare workers. By contributing, we're supporting each other and building a strong union that will fight for healthcare workers and our patients."

—*Ray Cano, CHW-St. Mary Medical Center, Long Beach*

Join NUHW—the union we trust.

Sign up today at www.NUHW.org/Join

If you can't join online, ask your steward for a sign-up form. If you don't have a debit or credit card, you can still join by giving your steward a check for your contribution, made payable to NUHW.
