

1,600 More Workers File for Election with NUHW

1,600 workers, just like you and me, see it the same way - we deserve better.

Our movement is growing stronger. Eight months after our Union was taken over by Washington DC officials from SEIU, thousands of more hospital workers file to hold elections to get out of SEIU and form NUHW. Workers at Tarzana, Olympia, USC, and Garden Grove Hospital **filed on September 24 to join NUHW** and leave behind SEIU's secret deals, corruption, takeaway contracts, and inexperienced staff.

“All of us are sticking together in NUHW, its the same people we have worked with for years. The people who negotiated our contracts, and the people we know and we trust. We are VOTING NUHW!!!”

USC University Hospital Sodexo Dietary workers, represented by SEIU/SWU, also filed today to leave SEIU and join NUHW.

“SEIU held our wages down so they could take more power for themselves. We’ve seen what SEIU’s way of doing business means for our families and we deserve better.”
